

Biography

## Gordon Hannah

Managing Director  
Public Sector Security and Identity Management Group  
BearingPoint

Mr. Hannah is the Executive responsible for the strategy & direction of Security and Identity Management solutions and services for the BearingPoint Public Sector. He has over 17 years of Homeland Security, Federal, Intelligence, Health Care and Military sector experience and seven years of managing Enterprise Identity Management initiatives.

Within the Federal and Defense arena, Mr. Hannah has identity management operations and program management experience with the DoD (including DMDC, BMO, WHS, Navy, Army, Air Force, and Marine Corps), DHS (TSA), State Department, GSA, GAO, MoD UK, and DfEE UK. As the Program Manager for the TSA Transportation Worker Identification Credential, he fielded an operational, nationwide end-to-end identity management and biometric credentialing system just 96 days after contract award. As Project Manager for the Department of Defense Common Access Biometric Working Group, he performed a series of smart card, biometric, and cryptographic technology evaluations to evaluate how DoD might deploy biometric technologies in conjunction with their Common Access Card. He also helped the Department of Defense Defense Manpower Data Center receive international recognition for their award winning Common Access Card program. Prior to joining BearingPoint (then KPMG LLP) in 1998, Mr. Hannah held a number of technology and management positions with Andrulis, Tyco International, and the Department of Defense (U.S. Navy).

Mr. Hannah holds a Bachelor of Science Degree (magna cum laude) in Electrical Engineering from the University of Connecticut. He is a graduate of the Navy Nuclear Power Engineering School, Navy Nuclear Prototype School, Navy Submarine School, and qualified Nuclear Engineering Officer on Submarines; Mr. Hannah holds a Top Secret Security Clearance and is a member of the Smart Card Alliance, M1/B10, ITAA, Biometric Consortium, European Biometric Forum, Government Smart Card Interagency Advisory Board, FICC, FIXS and many other public & private sector organizations.
